*Consumers can find best health insurance rates in metro area*

The easy-to-navigate Web site provides consumers a single source to compare individual health insurance rates. The site will locate the best health insurance rates available based on age, residence, gender and selected deductibles, which range from \$500 to \$10,000.

“We developed this site because we know there are thousands of individuals and families in the Kansas City metropolitan area who need affordable health insurance rates,” said Bukaty Companies President Mike Bukaty. “Rather than research each carrier independently for rates, besthealthrateskc.com does the work for you in a matter of seconds.”

The site also features information on related health insurance definitions, terms and conditions, and other pertinent guidance when shopping for individual coverage.
